### **Format:**

All matches will be **22-minutes** long with a running clock to help keep things moving. The team listed first on the schedule will be the home team and will have first serve.

*\*\*\*For all matches: maximum of 3 “points” earned per serve rotation. After 3 “points” side out awarded with no point. No actual score will be kept. \*\*\**

At the end of the 22-minute match, the clock will be reset to **3 minutes** to allow for teams to rotate and have a few minutes of shared warm-up, if desired.

**Officiating:** There will be no working team to perform any officiating duties. To keep with the instructional theme of the league, coaches are allowed to step out on to the court as needed to help the players with placement, rotation, substitutions, etc. The shortened service line will be taped on the floor for awareness, but feel free to move your players as needed to assist with service.

The point of this league is to be instructional in format to help your team get some real game experience while still teaching some of the concepts of the game.
